DAY DESIGNER

Contents

You've likely heard the benefits of writing down your goals, plans, and to-dos. At Day Designer, we're big fans of getting your thoughts out of your head and onto paper—allowing for clarity, focus, and space for creative thinking.

Everyday tasks and to-dos don't end when the holiday season begins! Avoid overwhelm by prioritizing, planning ahead (with realistic expectations!), and starting early. Map out your plans; then transfer tasks and to-dos over to your planner. When things don't go quite as planned, give yourself grace and simply adjust as needed!

The following printables are tools to complement your own daily planning system this holiday season. Tuck your favorites into the inside pocket of your planner, clip them in wherever they fit best, or create a holiday planning binder to keep everything at your fingertips. Schedule tasks, list to-dos, and record notes on your daily planning page to make sure you're taking action and getting things done.

We hope our Holiday Planning Printable Kit will help you find more joy, organization, and time with those who matter most during the holiday season!
